

AMELIA

AMELIA

Rated power (kW): 25

Chimney Diameter (mm): 200

Thermal efficiency (%): 71

CO - emission (at 13% O₂): 0,78

Dust emission (mg / m³): 80,6

Temperature (° C): 308

Weight (kg): 205

Coverage Area (sqm): 200-250

Fuel Length (mm): 500

Type of fuel: wood from deciduous trees (humidity maximum 20%), wood briquette

Material: Cast iron quality 200

It can be placed warmer for air distribution made of steel 1,5mm
